### DETAILED ACTION

Claims 1, and 10 are pending and examined on merits.

#### *Specification*

The objection of disclosure is withdrawn in view of the amendment.

#### *Claim Rejections - 35 USC § 112*

Claims 1, and 10 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The amended base claim is confusing due to the Markush group claim language in line 6 as compared to the limitations "**a set of**" in line 4 "the increased expression of SEQ ID NO:14 **and** 32". If the instantly claimed invention is to method of endometrial cancer diagnosis by detection of increased expression of SEQ ID NO:14 **and** 32, deleting "selected from the group consisting" in line 6 of the base claim would obviate this rejection if the instant invention is detecting a set of nucleic acid molecule expression.

The base claim is also rejected because the interpretation step of the claim says "increased expression" but it is not clear what is the reference point. Incorporating the reference point specified in claim 10 would obviate this rejection.

The rejection of Claims under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement is **withdrawn** because applicant argument is persuasive.

***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
